This is a decision on the "PETITION UNDER 37 C.F.R. § 1.47,"
filed October 20, 2004.

The petition is **GRANTED**.

The above-identified application was filed on April 12, 2004,
without an executed oath or declaration. In an accompanying
application data sheet, John Martin, Jennifer St. James Cody and
Christopher Shepley were named as joint inventors. Accordingly,
on June 22, 2004, a "Notice to File Missing Parts of
Nonprovisional Application" was mailed, requiring an executed
oath or declaration and a surcharge for its late filing. This
Notice set a two-month period for reply, with extensions of time
obtainable under § 1.136(a).

In response, rule 47 applicants filed the instant petition (and
fee); the late surcharge; and a declaration executed by joint
inventors Cody and Shepley on behalf of themselves and on behalf
of non-signing joint inventor John Martin. This response was
made timely by an accompanying petition for extension of time for
response within the second month (and fee). Rule 47 applicants
maintain that status under 37 CFR 1.47 is proper because joint
inventor John Martin has refused to join in the application.

By declaration of patent attorney Bradley Lytle and declaration
of Arthur Blades, President and Manager of the assignee company,
rule 47 applicants have set forth the pertinent facts to show
that inventor Martin has refused oral and written requests to
sign the declaration for patent.

The petition includes the last known address of non-signing
inventor Martin.

The declaration filed October 20, 2004, and the petition have been reviewed and found in compliance with 37 CFR 1.47(a).

This application is hereby accorded Rule 1.47(a) status.

As provided in new Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

The application will be examined in Technology Center AU 2171 in due course.

Telephone inquiries regarding this decision should be directed to the undersigned at (571) 272-3219.

Dear Mr. Martin:

You are named as a joint inventor in the above-identified United States patent application filed under the provisions of 35 U.S.C. 116 (United States Code) and 37 CFR 1.47(a), Rules of Practice in Patent Cases. Should a patent be granted on the application you will be designated therein as a joint inventor.

Alternatively, you may arrange to do any of the preceding through a registered patent attorney or agent presenting written authorization from you. If you care to join the application, counsel of record (see below) would presumably assist you. Joining in the application would entail the filing of an appropriate oath or declaration by you pursuant to 37 CFR 1.63.
